Bilateral Meetings

- Tuesday 09:30 - 16:00

Description

FARMA II is an agricultural development project in Bosnia and Herzegovina, funded by USAID and the Embassy of Sweden. We work closely with hundreds of exporters from Bosnia and Herzegovina, from various subsectors (including dairy, poultry, fruit and vegetables, medicinal and aromatic plants, honey, etc.). We can help interested buyers to establish connections with relevant and competitive Bosnian companies.

If you are a buyer or a distributor of products like cheese, honey, poultry meat, fresh or processed fruit and vegetables, wild mushrooms, essential oils and natural cosmetics, please feel free to ask for a meeting or contact me via fedja.begovic@farmabih.ba. Thank you!
