Bilateral Meetings

- Tuesday 09:30 - 16:00

Description

ES KOMERC LLC was founded in 1992th year as family company, owned by two brothers, as it is now. Our company operates through 2 sectors, Sector Trade and Sector Agrar. Sector Trade covers * Retail chain, with 22 stores in this moment; * Wholesale trade. The Agrar sector combines all the production activities of our company, such as: * Agricultural production; * Deep freezing, sorting and packing of frozen products; * Juice, jam and winter stores production; * Pasta production. **UNIQUEITY OF OUR PRODUCTS:** The concept that we manage in production is THE FOOD OF OUR REGION . Every final product is made of raw materials from the our region. All raw materials are produced under controlled conditions, with the support of our consulting service to our cooperatives. The specificity of our region is in clean nature, mountain rivers and streams from which water can be drunk, and a large number of sunny days during the year. We have registered a trade mark "VOLIM Dobro u ljudima" (I LOVE The good in people), which gives a special seal to our products, and sends a positive message to everyone we have contact with. ES KOMERC je osnovan 1992. godine kao porodična firma u vlasništvu dvojice braće, u čijem je vlasništvu i danas. Naše preduzeće posluje kroz 2 sektora, Sektor Trgovina i Sektor Agrar. Sektor Trgovina obuhvata * Lanac maloprodajnih objekata kojih sada imamo 22; * Trgovinu na veliko. Sektor Agrar objedinjuje sve proizvodne aktivnosti našeg preduzeća, kao što su: * Primarna poljoprivredna proizvodnja (plastenička proizvodnja i proizvodnja pod otvorenim nebom); * Otkup svežeg voća i povrća, zamrzavanje , hladna prerada u hladnjačama na tri lokacije, ukupnog kapaciteta preko 1000 tona; * Proizvodnja sokova, džemova i zimnice; * Proizvodnja testenina. **JEDINSTVENOST NAŠIH PROIZVODA:** Koncept kojim se rukovodimo u proizvodnji je koncept HRANA NAŠEG KRAJA. Svaki gotov proizvod se radi od sirovine iz kraja sa kog potičemo. Sve sirovine su proizvedene u kontrolisanim uslovima, pod našim nadzorom. Specifičnost našeg kraja je u prirodi koja je čista, nezagađena, planinskim rekama i potocima iz kojih može da se pije voda, i velikom broju sunčanih dana u toku godine. Registrovali smo robnu marku VOLIM Dobro u ljudima, koja daje poseban pečat našim proizvodima, i šalje pozitivnu poruku svima sa kojima imamo kontakt.
