

Radivoje Ranković

Koordinator stručne službe

Savez pčelarskih organizacija Srbije

<http://spos.info>

Bilateral Meetings

- Tuesday 09:30 - 16:00

Description

Savez pčelarskih organizacija Srbije okuplja preko 8.500 pčelara organizovanih u 231 udruženje pčelara širom Srbije.

Postojimo već 160 godina. Izdajemo časopis „Srpski pčelar” i bavimo se ciljevima zaštite, promocije i razvoja pčelarstva. Takođe Savez je osnovao Pogon za prikupljanje i plasman meda svojih pčelara. Pogon se trenutno gradi na lokaciji opštine-partnera, Rače (kod Kragujevca). Očekujemo da pogon bude operativan u toku sledeće godine, kao savremen i najreprezentativniji pogon u regionu.

The Serbian Federation of beekeeping organisations gathers over 8.500 beekeepers organised in 231 beekeeping organisations across Serbia. We are 160 years old organisation. We are publisher of the beekeeping magazine „Srpski pčelar” and our goals are protection, promotion and development of beekeeping. The Serbian Federation of Beekeeping Organisations is a founder of the Facility for honey collecting and market placement. Facility is being build in Rača municipality (near Kragujevac). We are expecting, during next year, that facility will be fully operational, as a modern and most representative honey facility in the region.
