Description

Balkan Cheese Festival is an exhibition of traditional and autochthonous cheeses from the Balkan region. Founded in 2004, it is organised every March and October in Belgrade, at the premises of Dom omladine Beograda, the partner of the festival. At "Balkan Cheese Festival", visitors have the opportunity to see and taste some of the most beautiful and tastiest cheeses from the Balkans. Each festival edition hosts the guest country of honour, which represents its cheeses and culture.
