Description

[iPlum distillery doo](#) osnovan je u leto 2017. godine sa ciljem prerade voća sa juga Srbije i proizvodnje **visoko kvalitetnih i premium proizvoda** koji će odslikavati naše podneblje. Naš tim čine mladi ljudi iz sektora ekonomije i tehnologije prerade voća koji su prepoznali prednost koju život i rad na jugu Srbije sa sobom nosi. Iako je sedište naše firme u Vlasotincu, najveći deo posla se odvija u malom selu pored Niša gde smo pronašli idealnu lokaciju koja verujemo da celoj priči daje poseban pečat. Glavni proizvod firme je **"100% Sok od Šljiva"**, i predstavlja pravo osveženje na tržištu Srbije. Sok se priprema isključivo od voća iz centralne i južne Srbije, a **jedini sastojak soka je šljiva**. U narednom periodu u asortimanu naših proizvoda naći će se i **sok od dunje** kao i voćna rakija od viljamovke.

[iPlum distillery doo](#) was founded in the summer of 2017 with an idea to produce high-quality and premium food processed products made from fruits that originate from the Southern Serbia. Our team is made up of young and dedicated people with different professional backgrounds, who recognise the benefits of living and working in the south of Serbia. Although the office is located in Vlasotince, our production is located in a small village near Nis, where we found an ideal location to produce natural fruit products.

Our newly developed product is **100% Plum Juice with no additives**, which is also a new product on the Serbian market. The juice is exclusively made of fruit, grown in central and southern parts of Serbia, and the only ingredient of the juice is a juice.
